Date of bill

Make sure the date of the bill entered here is the same as the one printed on the bill that you will be uploading.

Start and destination

Its possible to only select locations from the dropdown list as you begin typing. (Only locations listed on Google maps are allowed)

Upload bill

When uploading bills, you can choose to either take a picture using your mobile phone's camera, or upload images and pdfs. In either case, the bill number would be mandatory in the subsequent screen.

When uploadidng a pdf, you'll also have an option to enter the password in case the file is password protected.

Add stop

Use this option to add locations of stops (if any) between the start location and destination. Again, only locations from the drop down list can be selected.

Vehicle type

Vehicle type can be a two or four wheeler, and should be explicitly mentioned in the bill.

Vehicle mode

Select between public (can be a hired cab or public transport), or 'private', which is your own vehicle (in which case you will not be asked to submit a bill, but will be reimbursed based on the company standard price for each kilometer (automatically populated).

Distance & amount

Mention the distance and amount mentioned in the bill, or in case of an owned vehicle, the distance and amount will be automatically populated.

Remarks

While not mandatory, it's extremely useful to mention details of the expense here for seamless approval.

Bill type

Choose between 'Staff entertainment' (for sponsored dining or other events) and 'Others' for any other kind of bill.

Particulars

Regardless of the bill type selected, it's mandatory to add particulars about the event for which a reimbursement request is being submitted.

Agent submits bill in the agent app → Team lead approves reimbursement in the dashboard → Finance approves reimbursement in the dashboard

Both, the team lead, and the finance team can:
 - Edit the amount submitted in the bill and then approve (the agent will be able to see the change in the app).
- Reject the reimbursement request and refer back to the agent.

A rejected bill can be resubmitted with updated information.

Approved by Finance

The final stage of approval. If the bill is at this stage, it means that your submission has been fully approved and reimbursement will be processed (with changes in amount done by team lead or finance, if any).

Duration

You can view details of bill submissions done up to three months in the past.

Approved by team lead

The reimbursement request has been approved by the team lead and is now pending finance team approval.

Rejected

The bill was not approved by either the team lead, or the finance team. Deails will have been added in the remarks section.

Q. Why was my bill rejected?
A. Details of bill rejection will have been added to the remarks section. For further information, reaching out to the team lead or finance team (depending on who the bill was rejected by) will be best course of action.

Q. Can I submit multiple bills in one request?
A. Yes, there's an option to submit more than one bill for each reimbursement request. However, make sure that you submit separate requests for different events.

Q. What if sometime doesn't seem to working correctly?
A. Reach out to your team lead, or contact technical support.

Q. What if I have different leads for different mandates that I'm working on? Who will the apporval request go to?
A. The approval request will go to the team lead you are mapped to by HR.
